Fishing activities carried out in the waters of the Baltic Sea, the Belts and the Sound

1995/0223(CNS) - 06/09/1995 - Legislative proposal

OBJECTIVE: to lay down certain additional monitoring measures applicable to fishing activities carried out by Community vessels in the waters of the Baltic, the Belts and the Sound in the light of certain recommendations made by the Baltic Commission (meetings of 12-16 September 1994) which the Community is bound to implement as a contracting party to the Baltic Convention. SUBSTANCE: under the Convention on fishing and conservation of the living resources in the Baltic Sea, the Gdansk Convention, to which the Community acceded in 1983, the Community is obliged to incorporate into its own legislation measures adopted by the Baltic Commission at its 20th session. These measures apply solely to the waters of the Baltic Sea, the Belts and the Sound within the specific area defined in the regulation, and cover the following points: . communication to the Baltic Commission by the European Commission of a list of all Community fishing vessels engaged in fishing for cod within the designated area; only the vessels listed shall be authorised to fish in that area; . similarly, the Baltic Commission must be notified on a monthly basis of all the landings made by each individual fishing vessel flying the flag of a Member State or of another contracting party of the Baltic Convention; . it shall be prohibited for vessels to transship quantities of cod caught in the Baltic Sea without authorisation from the competent authorities; . it shall be prohibited to land or transship catches made by vessels flying the flag of a contracting party after the quota allocated to it has been used up.
