Multiannual Community programme for the interchange of data between administrations IDA

1993/0527(CNS) - 27/09/1995 - Modified legislative proposal

The Commission's modified proposal: - accepts and rewords the amendment, which provides for the Commission to keep Parliament informed, by making reference in the recital to the Delors/Plumb interinstitutional agreement regarding the provision of information to Parliament on the measures submitted to the Committee by the Commission and by indicating clearly that this arrangement would be applicable in special cases; - incorporates the amendment which seeks to include national administrations in the awareness, information and training campaigns provided for within the framework of the IDA programme.
