Imports into the Canary Islands of sensitive products: derogation of anti-dumping measures (amend. regul. 1602/92/EEC)

1995/0335(CNS) - 11/12/1995 - Legislative proposal

-OBJECTIVE : granting an additional period of one year (up to 31 December 1996) to operators in the Canary Islands importing sensitive products into the Canary Islands, before the progressive application of anti-dumping duties from 1 January 1997. -SUBSTANCE : from 1 January 1996 Regulation (EEC) No 1602/92 introduced specific measures for the collection of anti-dumping duties on sensitive products imported into the Canary Islands in annual stages of 20%, becoming payable in full on 1 January 2000. By letter of November 1995 the Spanish authorities requested that the first period of full exemption from payment of anti-dumping duties should be extended for one year (up to 31 December 1996) so that the first period of collection should not start until 1 January 1997 so as to allow operators in the Canary Islands to adjust to the new tariff arrangements being introduced. This regulation simply aims to adjust the specific arrangements for anti-dumping duties accordingly.
