Conservation of fishery resources: the Baltic Sea, the Belts and the Sound (amend. Regulation (EEC) No 1866/86)

1995/0338(CNS) - 13/12/1995 - Legislative proposal

OBJECTIVE : to apply, from 1996, certain technical measures adopted by the International Baltic Sea Fishery Commission (IBSFC), a body which fixes the rules for conserving and managing fishery resources and which each year recommends catch ceilings and measures to ensure the conservation and responsible exploitation of such resources. SUBSTANCE : it is proposed to amend for the sixth time Regulation (EEC) No 1866/96 laying down, as from 1996, certain technical measures adopted at the most recent annual session of the IBSFC and which concern the closed season for fishing cod, salmon and sea trout.
