Agricultural prices 1996/1997: prices for milk, butter and skimmed-milk powder (01/07/96-30/06/97)

1996/0067(CNS) - 14/02/1996 - Legislative proposal

Agricultural prices 1996/97 - Milk and milk products The current situation on the market for milk products seems fairly balanced and does not therefore require corrective action this year on prices or quota levels. The Commission therefore proposes to maintain the target price for milk and the intervention prices for milk products at the same level as the previous marketing year for the period 1 July 1996 to 30 June 1997, i.e.: - target price for milk: ECU 30.98 per 100 kg. - intervention price: butter: ECU 328.20 per 100 kg. skimmed milk powder: ECU 205.52 per 100 kg.
