Technical standards and regulations: procedure for the provision of information. Codification

1996/0300(COD) - 13/12/1996 - Legislative proposal

The aim of this proposal is the consolidation of Council Directive 83/189/EEC laying down a procedure for the provision of information in the field of technical standards and regulations. The new directive will supersede the various directives incorporated in it; their content is fully preserved and it only brings them together, making only such formal amendments as are required by the codification exercise itself.
