Support system for producers of certain arable crops (amend. regul. 1765/92/EEC)

1997/0063(CNS) - 03/03/1997 - Legislative proposal

OBJECTIVE: the proposal aims, in amending Regulation 1756/92/EEC establishing a support system for producers of certain arable crops, to extend the deadline for payment of compensation to the farmer in respect of non-food set-aside up to 31 March (instead of 31 December). SUBSTANCE: in the non-food scheme the raw material concerned must be harvested and delivered before the compensation can be made. Given that some crops covered by the non-food set-aside are harvested later, the deadline of 31 December provided for the payment of the compensation for compulsory set-aside should be extended to 31 March in the case where the land set aside is used for the production of raw materials for the manufacture of products not intended for direct use for human or animal consumption.
