Animal feed sector: approbation and registration of establishments and intermediaries

1997/0213(COD) - 25/07/1997 - Legislative proposal

OBJECTIVE: to subject establishments producing nutritional supplements for animals, and their intermediaries, to the same rules as those established under Directive 95/69/EC for the approval of establishments manufacturing pre-mixed products. CONTENT: the current proposal for a directive is restricted to setting the obligations for Member States in respect of rules implementing the approval or registration of establishments and intermediaries producing nutritional supplements for animals.
