

Dietetic foods: approximation of the laws of the Member States (amend. Directive 89/398/EEC)

1994/0076(COD) - 11/02/1998 - Commission opinion on Parliament's position at 2nd reading

The Commission rejects Parliament's amendment aiming to introduce a requirement that baby foods and cereal-based foods be free of pesticides. The Commission considers that this matter should be dealt with in a specific directive to be adopted by the Commission as stipulated in Article 4 of Directive 89/398/EEC.
