Marketing of cereal seed

1995/0321(CNS) - 03/02/1999 - Modified legislative proposal

This amended proposal aims to take account of the legislative changes that have taken place since the publication of the initial proposal to codify Council Directive 66/402/EEC concerning the marketing of cereal seeds and the results of the Council's work regarding this proposal. The amended proposal also takes account of amendments purely of form or wording suggested by the Consultative Working Party of Legal Services set up under the 20.12.1994 Inter-Institutional Agreement on an accelerated working method for official consolidation of legislative texts, where these are considered justified.
