

Medicinal products for human use: Community code. Codification

1999/0134(COD) - 28/06/1999 - Initial legislative proposal

PURPOSE: the legislative codification of a series of Council Directives dealing with medicinal products for human use. CONTENT: The new Directive will supersede the various Directives incorporated in it; their contents fully preserved and they are brought together with only such formal amendments as are required by the codification exercise itself.
