

Packaging and packaging waste: recovery and recycling of waste

2001/0291(COD) - 07/03/2003 - Commission communication on Council's position

The Council adopted a Common Position on 6 March 2003 by qualified majority. The Commission supports the Common Position. In particular, the Commission welcomes the limitation of this revision to the recovery and recycling targets and the refinement of the definition of packaging. Other issues should be first studied and discussed with stakeholders before further steps are taken.
