

Products of animal origin, human consumption: safety, controls. Hygiene package

2002/0141(COD) - 19/12/2003 - Commission communication on Council's position

The common position is broadly compatible with the amendments of the European Parliament that were accepted by the Commission. The aim of certain amendments that were not accepted by the Commission has nevertheless been taken into account in the common position, apart from those on: - the involvement of slaughterhouse staff in meat inspection, - health marking of meat, - visual inspection of certain types of pig meat.
