Public procurement: services, supply and public work contracts (amend. Directives 92/50/EEC, 93/36/EEC, 93/37/EEC)

1995/0079(COD) - 17/01/1997 - Commission communication on Council's position

The Commission considered that the common position represented a balanced and satisfactory compromise between the initial positions of the Commission, the European Parliament and the Council, despite the fact that certain amendments proposed by the European Parliament and included in the amended proposal were not incorporated in the common position. Consequently, the Commission was able to approve the common position.
