Common rules for international carriage by coach and bus (amend. Regulation (EEC) No 684 /92)

1996/0125(SYN) - 21/04/1997 - Commission communication on Council's position

The text of the common position took account of most of the simplifications recommended by the Commission and Parliament, particularly as regards the definition of various services. The Council had also accepted the introduction of a Community coach and bus licence. As a result, the Commission supported the common position.
