Third-generation mobile and wireless communications system UMTS: ccordinated introduction

1998/0051(COD) - 29/09/1998 - Commission communication on Council's position

The Commission considered the common position of the Council acceptable. The main difference in comparison with the initial proposal lay in the insertion of a provision allowing Member States to ask for a deferment of up to 12 months of the deadlines in the event of exceptional technical problems in adjusting their national frequency plans.
