1997/0337(COD) - 02/10/1998 - Commission communication on Council's position

The Commission does not accept setting the financial framework at ECU 25 million nor establishing a regulatory committee rather than a consultative committee. Other changes to the initial proposal in the common position reflect amendments by Parliament or bring it more closely into line with the main objectives of the Commission proposal. Consequently, and although the Commission prefers the text of the amended proposal, it can accept the common position.
