# Protection of consumers: liability for defective products (amend. Directive 85/374/EEC)

1997/0244(COD) - 06/01/1999 - Commission communication on Council's position

The Commission supports the common position of the Council as it corresponds to its original proposal without any substantial changes. The Commission indicated its intention to look into the points raised by the European Parliament when drawing up its second application report to be presented in 2000, following appropriate consultation with the parties concerned on the basis of a Green Paper.
