SAVE II, energy efficiency: multiannual programme 1998-2202

1997/0371(COD) - 16/07/1999 - Commission communication on Council's position

The common position is, to a large degree, in line with and complementary to the Commission's amended proposal. Where appropriate it updates the amended proposal and places it clearly within the context of the multiannual framework programme for the energy sector. The Commission, therefore, supports the common position.
