

Foods and food ingredients treated with ionising radiation. Framework Directive

1988/0169A(COD) - 11/10/1989 - Text adopted by Parliament, 1st reading/single reading

The EP delivered its Opinion on the proposal at its first October 1989 plenary session. The EP voted 263 to 66 with 10 abstentions to reject the Commission's proposal. It proposed no less than 36 amendments with the result that the proposal, as it now stands, would only authorise the process for spices, condiments and dried aromatic plants.
