Environmental impact in a Transboundary Context. Convention

1992/1006(CNS) - 12/02/1993 - Text adopted by Parliament, 1st reading/single reading

In approving the report by Mr Paul LANNOYE (Greens, B), on a proposal from the Commission to the Council on a decision concerning the conclusion on behalf of the Community of the Espoo (Finland) Convention on Environmental Impact in a Transboundary Context, Parliament called on the Member States to take the necessary measures to ensure that the Community and its Member States deposited their ratification instruments quickly and at the same time, if possible. Parliament also called on the Member States to take measures to integrate into their national legislation all of the measures contained in the Convention, incorporating in particular the new proposals in the articles on the scope of the Convention, the a posteriori analysis procedure and the content of the assessment file (amendment by the Committee on the Environment).
