Visas: third countries whose nationals must be in possession of a visa when they are crossing external borders

1993/1244(CNS) - 21/04/1994 - Text adopted by Parliament, 1st reading/single reading

Adopting the report by Mr FROMENT-MEURICE (PPE, F) on the proposal to determine the third countries whose nationals require a visa in order to cross the external borders of the European Union, the European Parliament proposed a series of amendments including definitions of the various categories of visas in the convention on controlling persons crossing the external borders of the Member States in the regulation passed on the basis of Article 100C. Otherwise, the regulation would make no sense.
