Granting of aids for transport by air, road and inland waterway (amend. Regulation (EEC) No 1107/70)

1995/0123(SYN) - 13/02/1996 - Text adopted by Parliament, 1st reading/single reading

The European Parliament adopted the report by Mr Leen van der WAAL (EDN, NL). The granting of aids for transport by rail, road and inland waterway would make it possible for Member States to subsidize investment in terminals. The EP asked that it also be possible to subsidize investment not only in fixed and mobile equipment, but also in telematics and other communications equipment. No later than 31 December 1999 the Council should decide, on a proposal from the Commission, on subsequent arrangements.
