# Agricultural prices 1996/1997: sheepmeat and goatmeat (amend. regul. 3013/89/EEC)

1996/0069(CNS) - 30/07/1996 - Final act

Agricultural prices and related measures 1996/97 - sheepmeat and goatmeat. COMMUNITY MEASURE: Council Regulation (EC) 1589/96 amending Regulation (EEC) No 3013/89 on the common organization of the market in sheepmeat and goatmeat. SUBSTANCE: In order to increase the effectiveness of the private storage procedure, where a rapid intervention is found to be necessary, amendment of the basic regulation opens up the possibility, regardless of the market price level, of laying down the conditions for private storage provided there is a procedure fixing the amount of aid in advance. In addition, the derogation granted to the new German Länder as regards the application of the maximum number of ewe premiums is extended until the year 2000. Unused rights to the premium will be entirely allocated to the reserve. ENTRY INTO FORCE: 19 August 1996.
