Coastal zones: integrated management

1995/2284(COS) - 29/02/1996 - Text adopted by Parliament, single reading

In adopting the report by Mr Kenneth D COLLINS (PSE) on the Commission communication concerning the integrated management of coastal zones, the European Parliament welcomed the Commission's efforts at coordination aimed at bringing into play existing Community instruments. However, it regretted the Commission's decision to restrict itself to a non-binding demonstration programme and called on the Commission to unveil at the earliest opportunity a proposal aimed at establishing a Community strategy for the integrated management of coastal zones.
