# EC own resources: improvement of the collection system

1997/0188(CNS) - 20/02/1998 - Text adopted by Parliament, 1st reading/single reading

Adopting the report by Mr Otto Bardong (PPE,D), Parliament included some amendments to the draft regulation aiming to modify the system of EU own-resources. In general, Parliament considers that the current system is too complex and not sufficiently transparent, and that the relevant texts should be recast to render them more readable and their application more coherent.
