Decentralized Community agencies: community trade mark

1997/0253(CNS) - 10/03/1998 - Text adopted by Parliament, 1st reading/single reading

In adopting the report by Mr Edward T. KELLETT-BOWMAN (PPE, UK) on the amendments to the basic regulation on the Community Trade Mark Office, Parliament welcomed the Commission proposal, which addressed issues of long-standing concern to Parliament with regard to the discharge and financial control of the decentralized bodies. However, Parliament called for: -all of the Office's revenue to be budgetized and regarded as preallocated resources of the European Union, -all surplus revenue to be paid back into the general budget of the Union, -no amounts to be taken out of the reserve in the Office's budget without the agreement of Parliament, -the Financial Controller to ensure that the necessary practical arrangements are in place to allow swift and effective processing of the Office's financial transactions and to prevent excessive recourse to the use of imprest accounts, -the Commission to evaluate the level of the fees received by the Office after three years. It also recalled that it was a prerequisite to involve Parliament in the discharge procedure.
