EC/Czech Republic Europe agreement: state aids and ECSC products

1996/0237(CNS) - 13/03/1998 - Text adopted by Parliament, 1st reading/single reading

In adopting the report by Mr Konrad K. SCHWAIGER (PPE, D), the European Parliament approved unamended the proposal for a decision laying down the position to be adopted by the Community within the Association Council with the Czech Republic with regard to the adoption of provisions pursuant to Article 64 of the European Agreement and Article 8 of Protocol No 2 on ECSC products. The decision has the purpose of setting up an early-warning system for anti-dumping procedures to enable CEECs to be informed from the start concerning the inquiries to be instituted.
