1995/0040(CNS) - 18/05/1995 - Text adopted by Parliament, 1st reading/single reading

The European Parliament rejected the request by its Committee on Agriculture for a 1% increase in agricultural prices for 1995/1996. The EP approved the Commission proposal. Through its amendments, it called for the creation of a Community fund to improve the quality and production of olive oil in the Union. It also called on the Commission to submit a report to the EP on the possibilities of using the residue from the extraction of olive oil as a renewable energy source, possibly accompanied by measures to develop this activity.
