

Air pollution: measures to be taken against emission of gaseous pollutants from internal combustion engines

1995/0209(COD) - 13/05/1997 - Text adopted by Parliament, 2nd reading

In adopting the recommendation for second reading by Mr Ken COLLINS (PSE, UK), the European Parliament modified the common position of the Council. The amendments adopted concerned commitology: Parliament advocated the advisory committee procedure. The amendments concerning economic instruments and tax incentives were rejected.
