Agricultural prices 1995/1996: basic price and standard quality for pig carcasses

1995/0047(CNS) - 18/05/1995 - Text adopted by Parliament, 1st reading/single reading

The European Parliament approved the Commission with certain amendments. The EP recommended that the basic price for slaughtered pigs be set at ECU 1569.76 per tonne (instead of ECU 1509.39 per tonne). It also called on the Commission to: - submit by 21 December 1995 a report and relevant proposals on ways of stabilising the mechanisms used to set the market price for pigmeat and, in particular, of restricting the size of holdings and the use of intensive farming methods; - submit a method of calculating the basic price automatically on the basis of objective criteria.
