Agricultural prices 1996/1997: prices, aids and percentages of aid to be retained in the olive oil sector

1996/0062(CNS) - 23/05/1996 - Text adopted by Parliament, 1st reading/single reading

In adopting the report by Mr Giacomo SANTINI (UPE, I), the European Parliament considered that the penalties applied during the 1995/96 marketing year as a result of the maximum guaranteed quantity being exceeded during the previous two years could no longer be applied, and proposed a higher intervention price: ECU 191.92/100 kg (instead of ECU 186.17/100 kg). The EP also called for programmes promoting the consumption of table olives to be implemented in the Union and in third countries.
