Road haulage services, cabotage: admission of non-resident carriers (Regul. 3118/93/EEC). Report

1998/2032(COS) - 14/04/1999 - Text adopted by Parliament, single reading

Adopting the report by Mr Per STENMARCK (PSE, S), the European Parliament recommended that the Commission present a report on cabotage every two years and urged the Member States to provide the statistics needed in time. It insisted that all the players in the market should be treated on an equal footing and that checks and fines should therefore be harmonized as far as possible in order to ensure that there is no discrimination on the basis of nationality.
