Beef and veal: additional payments to be made in 1996, common organisation of the markets COM in (amend. Regul. 805/68/EEC)

1996/0148(CNS) - 19/06/1996 - Text adopted by Parliament, 1st reading/single reading

Parliament adopted the report by Mr Christian JACOB (UPE, F) on the proposal providing for additional payments to be made in 1996 with the premia referred to in Council Regulation (EEC) No 805/68 on the common organization of the market in beef and veal. It reduces the beef special premium and the suckler cow premium from ECU 21 to ECU 10. These premia will be paid to producers whose entitlement to premium is established in respect of animals kept in the 1995 calendar year. It also provides that aid of ECU 10 will be paid for each male bovine which has not benefited from the premium. Such aid will be paid to the extent that national aid is necessary to compensate for a duly verified loss of income and does not lead to the income loss being exceeded. Finally, the report calls on the Commission to do its utmost to ensure greater use of plant proteins in animal feed in the European Union.
