In adopting the report of Mr Honorio NOVO (GUE/NGL, P), Parliament approved the conclusion of the new Protocol on Fisheries between the European Community and the Republic of Cape Verde and at the same time requested that during the final year of application of this Protocol (and before the commencement of negotiations on its possible renewal) the Commission submit to Parliament and to the Council a report presenting the impact of the Protocol in terms of fishery resources and the financing of the scientific activities provided for under the Protocol. It also called for information from the budgetary authority to be improved as far as the fishing agreements are concerned, in accordance with the joint declaration of the European Parliament, the Council and the Commission of 12 December 1996.
