Common fisheries policy: closer dialogue with industry and groups concerned

1999/0163(CNS) - 21/01/2000 - Text adopted by Parliament, 1st reading/single reading

In adopting the report by Mrs Miguélez Ramos (ESP, Sp), the European Parliament accepts the proposal for a Council regulation subject to a number of amendments. For example, the European Parliament calls on the Commission to: - ensure that meetings financed from the Community budget held by trade organisations within the framework of the Advisory Committee on Fisheries and Aquaculture correspond to the purposes and tasks set out in Decision 1999/478/EC and exercise financial control over the payments made in connection with those tasks; - present an annual report to the European Parliament and the Council on the substance and conclusions of debates held within the Advisory Committee on Fisheries and Aquaculture and the working groups referred to in Article 7 of Decision 1999/478/EC.
