Implementation of CULTURE 2000 programme

2000/2317(INI) - 28/02/2002 - Text adopted by Parliament, single reading

The European Parliament adopted the report by Vasco GRACA MOURA (EPP-ED, P) on the implementation of the 'Culture 2000' programme. (Please refer to the summary dated 22/01/02). It should be added that the Parliament calls on the Commission, acting in a spirit of interinstitutional cooperation and with the aim of closeness to the citizen, to drawn up a cultural policy blueprint for the cooperation programme which will follow Culture 2000, in connection with the three-year cultural cooperation plan set out in the resolution of 5 September 2001. It also points out that in an enlarged Europe it will be necessary to meet the challenge of preserving, promoting and sharing Europe's common cultural programme in the service of a European cultural policy.
