

Compound feedingstuffs: marketing, tracing, labelling (amend. Directive 79/373/EEC)

2000/0015(COD) - 05/04/2001 - Text adopted by Parliament, 2nd reading

The European Parliament adopted the report by Mr Friedrich-Wilhelm GRAEFE zu BARINGDORF (GREENS/EFA, D) on the common position relating to compound feedingstuffs. The aim of the amendment is to reinstate the Commission's original proposal by obliging manufacturers to list the specific contents of the material in the feed by percentage of weight rather than the general composition as laid down in the common position.
