Scientific research: admission of third-country national researchers to the Community, application measures

2004/0062(CNS) - 16/03/2005

EP: decision of the committee responsible, 1st reading/single reading

The committee adopted the report by Vincent PEILLON (PES, FR) approving the proposed Recommendation under the consultation procedure, subject to a few amendments. MEPs stressed inter alia that there was a need to promote women's involvement in scientific research. Member States should also ensure that mechanisms are in place to help the private sector invest in innovation as well as research.
