

Car industry: adaptive front-lighting systems (AFS) for motor vehicles, UN/ECE Regulation

2005/0180(AVC) - 22/02/2006

The committee adopted the report by its chair, Enrique BARÓN CRESPO (PES, ES), recommending that Parliament give its assent to the proposed Council Decision on the European Community's position in relation to the draft Regulation of the UN Economic Commission for Europe concerning the approval of adaptive front-lighting systems (AFS) for motor vehicles.
