

Community plant health regime: control of San José Scale (repeal. Directive 69/466/EEC). Codified version

2006/0040(CNS) - 16/03/2006 - Legislative proposal

PURPOSE : to recast the Directive concerning San José scale.

PROPOSED ACT : Council Directive.

CONTENT : the purpose of this proposal is to undertake a codification of Council Directive 69/466/EEC of 8 December 1969 on control of San José Scale. The new Directive will supersede the various acts incorporated in it. This proposal fully preserves the content of the acts being codified and hence does no more than bringing them together with only such formal amendments as are required by the codification exercise itself.
