

Financial Instrument for the Environment (LIFE+) 2007-2013

2004/0218(COD) - 05/03/2007

The Council decided not to accept all the European Parliament's second reading amendments to a draft Regulation concerning the EU's financial instrument for the environment (Life +).

It accordingly decided to convene the Parliament-Council conciliation committee with a view to negotiating a joint text. Life+ is aimed at providing support for measures and projects with European added value for the implementation, updating and development of Community environmental policy and legislation.
