2005 discharge: Translation Centre for the Bodies of the European Union

2006/2160(DEC) - 24/04/2007 - Text adopted by Parliament, single reading

In adopting the report drafted by Ms Edit **HERCZOG** (PES, HU), the Parliament gave its full backing to the position of the Budgetary Control Committee and gave its discharge to the Director of the Translation Centre for the bodies of the European Union for the financial year 2005. In so doing, the Parliament approved the closure of the accounts of the Centre for the financial year in question.

The Parliamentary resolution is divided into two parts. The first contained general points, and concerned the majority of EU Agencies requiring individual discharge. The second part contained specific points relating to the Centre.

General points: Parliament considers that the ever-growing number of Community Agencies and the activities of certain of them do not seem to form part of an overall policy framework, and that the remits of some Agencies do not always reflect the real needs of the Union. Accordingly, it invites the Commission to define an overall policy framework for the setting up of new Community Agencies and to present a cost-benefit study before the setting up of any new agency, while being careful to avoid any overlap of activities between Agencies or with the remits of other European organisations. Parliament calls on the Court of Auditors to give its opinion on this cost-benefit study before Parliament takes its decision, and it asks the Commission to present every five years a study on the added value of every existing Agency. ; invites all relevant institutions In the case of a negative evaluation of the added value of an Agency, all relevant institutions are asked to take the necessary steps by reformulating the mandate of that Agency or by closing it.

In view of the constantly increasing number of Agencies, Parliament feels that the Directorates-General of the Commission charged with the setting up and monitoring of Agencies must develop a common approach to the Agencies. It also asks the Commission to improve administrative and technical support to the Agencies. Parliament regretted that the negotiations on the draft interinstitutional agreement on the operating framework for the European regulatory agencies have not yet been concluded, and calls on the Commission, in consultation with the Court of Auditors, to do their utmost to ensure that the agreement is brought to a rapid conclusion. Noting that the Commission's budgetary responsibility calls for closer linking of the Agencies to the Commission, Parliament calls on the Commission and the Council to take all necessary steps to give the Commission a blocking minority in the supervisory bodies of the regulatory Agencies by 31 December 2007 and to provide for such a minority from the outset when new Agencies are set up. It invites the Court of Auditors to create an additional chapter in its Annual Report, devoted to all Agencies to be discharged under the Commission's accounts in order to have a much clearer picture of the use of EU funds by Agencies.

Parliament goes on to ask the Commission to come up with a proposal to harmonise the format of the annual reporting by the Agencies and to develop performance indicators which would allow a comparison of their efficiency. The Commission is urged to monitor and direct the management of the Agencies, especially in relation to the proper application of tender procedures, transparency of recruitment procedures, sound financial management and, most importantly, the proper application of the rules concerning the internal control framework.

Specific points relating to the Centre: the Parliament insists that the Centre improves the programming of its administrative expenditures, pointing out that in the 2005 financial year, under-utilisation was noted with regard to expenditure on administration, where less than 75% of the appropriations were committed,

and 24% of commitments were carried over. Parliament is concerned as, for the same period, more than 50% of the total commitments carried over from the previous year were cancelled.

It invites the Centre to seek clarification of the intellectual property rights linked to the IATE database and expresses its hope that the conflict between the Centre and the Commission as to the employer's portion of pension contributions for staff can be solved as quickly as possible.
