

Multi-annual recovery plan for bluefin tuna in the Eastern Atlantic and Mediterranean

2007/0058(CNS) - 07/05/2007

The Council instructed the Permanent Representatives Committee to find a solution to the outstanding issues regarding the proposal for a Regulation establishing a recovery plan for bluefin tuna as recommended by the International Commission for the Conservation of Atlantic Tunas (ICCAT), with a view to voting on the proposal in June 2007.
