Final act

Regulation 1994/3354
OJ L 351 31.12.1994, p. 0001 Summary

EC/Denmark/Greenland fisheries agreement: 3rd protocol

1994/0215(CNS) - 19/12/1994 - Final act

This proposal for a regulation was adopted by the Council of Ministers. The President of the Council would appoint the persons authorised to sign this protocol on behalf of the Community. The regulation would enter into force on 1 January 1995.

EC/Denmark/Greenland fisheries agreement: 3rd protocol

1994/0215(CNS) - 18/11/1994 - Text adopted by Parliament, 1st reading/single reading

Parliament gave its assent to the conclusion of the agreement. This procedure had been initiated following the adoption of an amendment aimed at modifying the legal basis of the proposal. This amendment involved replacing Article 43, in conjunction with the first subparagraph of Article 228(3), with the second subparagraph of Article 228(3). The Commission did not give its opinion on this amendment.

EC/Denmark/Greenland fisheries agreement: 3rd protocol

1994/0215(CNS) - 26/09/1994 - Legislative proposal

This proposal for a regulation aimed to conclude a third fisheries protocol between the Community, on the one hand, and Denmark and the local government of Greenland on the other for the period from 1 January 1995 to 31 December 2000. This protocol significantly improved the content of the previous protocol, whose implementation had not been entirely satisfactory for Community fishermen (low stocks and lack of interest on the part of EC fishermen in the fish in that region). The fishing quotas had thus been revised in order to give greater consideration to the situation of resources and the interest of Community fishermen. Moreover, joint enterprises (or other fisheries joint ventures) were provided for in order to promote fishing in the region. Measures were also included to provide greater flexibility in terms of the methods of catching the main fish species. The protocol laid down the fishing quotas by species (Western and Eastern stocks) as well as the financial compensation applicable for the period for which the protocol was valid (ECU 37 700 000 per year), which could vary depending on annual catches. Further, an additional ECU 6 000 000 was provided to promote the establishment of temporary joint ventures in the fisheries sector.
