1995/0045(CNS) - 22/02/1995 - Legislative proposal

Milk: agricultural prices 1995/1996. The Commission proposed fixing the target price for milk and the intervention prices for milk products, for the period from 01.07.1995 to 30.06.1996, as follows: - Target price for milk: ECU 30.68 per 100 kg (reduction of 1% compared with the 1994/1995 marketing year); - Intervention prices: . butter: ECU 321.64 per 100 kg (reduction of 2% compared with the 1994/1995 marketing year); . skimmed milk powder: ECU 205.52 per 100 kg (no change). The Regulation would apply from 1.07.1995.

1995/0045(CNS) - 18/05/1995 - Text adopted by Parliament, 1st reading/single reading

The European Parliament approved the proposal with certain amendments. The EP recommended maintaining the intervention price for butter at the level of the previous year, namely ECU 328.20 per 100 kilograms. It therefore rejected the 2% reduction proposed by the Commission: such a reduction would lead to a fall in the price of milk paid to the producer, which was unacceptable, especially since it would not benefit the consumer.
