Directive 1996/0091
OJ L 013 16.01.1997, p. 0026

Minced meat, meat preparations and products of animal origin: rules

1996/0048(CNS) - 29/05/1996 - Economic and Social Committee: opinion, report

The Committee is disappointed at the Commission proposal's lack of transparency and clarity, and feels that the text is difficult for the Member States to follow.

Minced meat, meat preparations and products of animal origin: rules

1996/0048(CNS) - 19/04/1996 - Text adopted by Parliament, 1st reading/single reading

Parliament approved this proposal for a directive without amendment (Rule 99 of its Rules of Procedure).

Minced meat, meat preparations and products of animal origin: rules

1996/0048(CNS) - 16/12/1997 - Final act

OBJECTIVE: to amend directives 77/99/EEC and 92/118/EEC with regard to the rules applicable to minced meat, meat preparations and certain other products of animal origin. COMMUNITY MEASURE: Council Directive 97/76/EC. CONTENT: the amendment seeks mainly to simplify the present system of licensing the establishments of origin of imported stomachs, bladders and intestines, given the special nature of their preparation, without lowering the health standards laid down by the directive. ENTRY INTO FORCE: 16 January 1998 DEADLINE FOR TRANSPOSITION: 1 January 1999.

Minced meat, meat preparations and products of animal origin: rules

1996/0048(CNS) - 22/02/1996 - Legislative proposal

OBJECTIVE: the proposal for a Directive aims to provide greater legal certainty and, at the same time, simplify the procedures for stomachs, bladders and intestines without lowering the health standards laid down by the Directive. SUBSTANCE: Directive 88/657/EEC was repealed with effect from 1 January 1996 and replaced by Council Directive 94/65/EEC laying down the requirements for the production and placing on the market of minced meat and meat preparations. In order to ensure legal certainty, therefore, references to the said directives should be amended. Furthermore, given the special nature of the preparation of stomachs, bladders and intestines, health rules must be applied to them outside Directive 77/99/EEC. It is therefore proposed to include in Directive 92/1118/EEC the health rules applying to those products.
