Regulation 1996/2086
OJ L 282 01.11.1996, p. 0001 Summary

Marketing of processed lemon-based products for 1996-1997 (derog. Regul. 1035/77/EEC)

1996/0144(CNS) - 03/06/1996 - Legislative proposal

OBJECTIVE: to extend Regulation (EC) No 1543/95 to the 1996/97 marketing year and to lemons. SUBSTANCE: the current rules on the processing of citrus fruit provide for the grant, within the framework of contracts between producers and processors, of financial compensation to processors, provided they pay a minimum price to producers. For the 1995/96 price package, the Council adopted Regulation (EC) No 1543/95, which allows the

Member States, if they so wish, to pay the financial compensation directly to producers in the case of oranges, mandarines and clementines, in order to solve the processors' financial problems. In view of the fact that the problems continue to exist, Regulation (EC) No 1543/95 should be extended to the 1996/97 marketing year and to lemons.

Marketing of processed lemon-based products for 1996-1997 (derog. Regul. 1035/77/EEC)

1996/0144(CNS) - 25/09/1996

The Committee endorses the extension to the whole citrus sector of the derogation allowing Member States to pay financial compensation directly to the grower. However, the ESC points out that annual extensions are not the best solution. The direct payment mechanism should obviously be made permanent. The Committee also draws the Council's attention to the urgent need for a radical revision of the Community system for the processing of citrus fruit, as experience has shown that processors do not always respect the minimum price and that purchasing contracts, once concluded, are not met in full.
