Agricultural prices 1997/1998: basic price and standard quality for pig carcases

1997/0097(CNS) - 14/03/1997 - Legislative proposal

Agricultural prices 1997/98 - pigmeat For the period from 1 July 1997 to 30 July 1998 the Commission proposes maintaining the basic price for pig carcases of a standard quality at its current level, namely ECU 1509.39/t. The standard quality (unchanged) is defined in terms of carcase weight and lean meat content as follows: - carcases weighing not less than 60 but less than 120 kgs: grade 'E' - carcases weighing from 120 to 180 kgs: grade 'R'.

1997/0097(CNS) - 28/05/1997

The ESC feels that the monthly increases under the intervention system should be frozen at current levels, rather than decreased. It firmly rejects the proposal to use the Guarantee Fund to finance BSE measures. The ESC considers the reasoning behind the reductions in the flax and hemp sector to be irrelevant, and thus rejects the reductions. The Committee highlights the serious crisis in the rice sector, and calls for the monthly increases to be left unchanged. It calls on the Commission to provide an analysis of the impact of current and future price packages on consumer prices, food quality, health, the environment and rural communities. The ESC calls for an analysis of the employment impact of income trends and of future proposals.
