Summary

Guarantee Fund for external actions: target amount

1998/0117(CNS) - 18/03/1998 - Legislative proposal

OBJECTIVE: In the context of Agenda 2000 (COS0590) and the new Financial Perspective for 2000-2006 (COS695), to amend the target amount of the Guarantee Fund and the rate at which Member States are to contribute to it (the 'provisioning rate'). SUBSTANCE: The Guarantee Fund instituted by Regulation (EC, Euratom) No 2728/94 has two objectives: to provide the Community with an instrument to protect it against budgetary impacts arising from activation of the Community guarantee, and to create an instrument of budgetary discipline with regard to the Community's policy on lending to third countries. In the light of experience gained since 1994, amendments are needed to enable the Fund to operate normally without maintaining a reserve disproportionate to its needs. This is the aim of the present proposal, whose purpose is to: 1) reduce from 10% to 8% the target amount of the Guarantee Fund, giving the Fund access to resources which are adequate but not too much to be financially viable and to cover any defaults on loans guaranteed by the Community budget; 2) set the Fund's provisioning rate at 6% rather than the current 14% in order not to make

excessive demands on Member States for funds for the guarantee reserve (corrective measures are provided for if the target amount is not attained following the reduction of the provisioning rate). The reduction in the provisioning rate should be accompanied by a proportional reduction in the reserve to a level of euro 150 m per annum over the period of the next Financial Perspective (with the possibility of establishing a limited reserve of euro 150 m as of 1999). This reserve ceiling should make it possible to guarantee euro 2500 m in loans in 2000-2006. Other amendments are also provided for with regard to management; the Commission is to undertake the financial management of the Fund. The Court of Auditors will monitor its management. The proposal provides for an overall report to be drawn up concerning the Fund's operation before 31.12.2006.

Guarantee Fund for external actions: target amount

1998/0117(CNS) - 25/05/1999 - Final act

PURPOSE: amendment of Council Regulation 2728/94/EC, EURATOM establishing a Guarantee Fund to modify the target amount and its provisioning rate. COMMUNITY MEASURE: Council Regulation 1149/1999/EC, EURATOM amending Regulation 2728/94/EC, EURATOM establishing a Guarantee Fund for external actions. CONTENT: In view of the experience accumulated since the creation of the Guarantee Fund in 1994, it was decided to amend Regulation 2728/94/EC, EURATOM as follows: 1) To reduce the target amount of the Funds from 10% to 9% of the Community's total outstanding capital liabilities arising from each operation, increased by unpaid interest due. 2) To set the provisioning rate of the Fund at 9% rather than the current 14% and at 10% if the resources in the Fund stand below 75% of the target amount. Provision is also made for the case of if the Fund were to exceed the target amount, the surplus amounts would be paid back into the general budget of the Community. The Regulation requires the Commission to draw up comprehensive reports, to be submitted to the Council and the Parliament, on the operation of the Fund by 31.12.2006. This should take account of any eventual modifications following the enlargement of the Community. Appropriate proposals for modification of the parameters of the Fund may be proposed on this occasion. ENTRY INTO FORCE: 01.01.2000.

Guarantee Fund for external actions: target amount

1998/0117(CNS) - 06/05/1999 - Text adopted by Parliament, 1st reading/single reading

Under consultation procedure, the European Parliament adopted the supplementary report by John Tomlinson (PSE,UK), which approves the Commission proposal for a Council regulation (EC, Euratom) amending Council regulation (EC, Euratom) No 2728/94 establishing a Guarantee Fund for external actions, in the form on which political agreement has been reached in Council which takes account of the amendments which Parliament adopted on 19/11/98.

Guarantee Fund for external actions: target amount

1998/0117(CNS) - 19/11/1998 - Text adopted by Parliament, partial vote at 1st reading/single reading

Following confirmation by the Commissioner, Mr Hans van den BROEK, that the Commission could not accept all the amendments adopted by plenary, the rapporteur, Mr John TOMLINSON (PSE, UK), requested referral back to committee of his report, which was agreed. A more flexible attitude on the part of the Commission with regard to the demands was hoped for. In its amendments Parliament stressed the following aspects: - management of the Fund to be in the hands of the EIB rather than the Commission (as the latter proposed); - greater information on the operation of the Guarantee Fund and its management by means of regular Commission reports; - the budgetary authority to be informed in advance of any approval of specific loans and its implications for the Guarantee Fund.
